Subject index

A

Actinomycosis, localized oral blastomycosis mimicking (Rose and Gingrass), 12
  periapical (Weir and Buck), 336
Acupuncture needles; unusual foreign bodies, 366 (Roentgenoddities)
Age, influence of cigarette, pipe, and cigar smoking, removable partial dentures, and, on oral leukoplakia (Baric et al.), 424
Alcohol, effect of, on spreading ability of sodium hypochlorite endodontic irrigant (Cunningham, Cole, and Balekjian), 333
Allergens, food, and basophil histamine release in recurrent aphthous stomatitis (Wray, Vlagopoulos, and Siraganian), 388
Amalgam and gold, osseous reactions to bimetallic couples composed of, implanted in rat tibias (Austin et al.), 79
  restorations, based and unbased cervical, pulpal effects of electrosurgery involving (Spangberg et al.), 678
American Academy of Oral Pathology, proceedings of annual meeting—1982, 313
American Board of Oral and Maxillofacial Radiology, 606 (Announcement)
American College of Stomatologic Surgeons, 123, 480
Anesthesia, intraligamentary, as aid in endodontic diagnosis (Simon et al.), 77
  mandibular, anatomy of (Coleman and Smith), 148
Announcements, 256, 368, 490, 606, 702
Antimicrobial effectiveness of endosonic and hand root canal therapy, comparison of (Cunningham et al.), 238
Aphthous stomatitis, recurrent, effects of suspected foodstuff challenging agents in etiology of (Eversole, Shopper, and Chambers), 33
    food allergens and basophil histamine release in (Wray, Vlagopoulos, and Siraganian), 388
  ulceration, recurrent, serum vitamin B_{12}, folate, and iron levels in (Olson et al.), 517
Apical seal via retrosurgical approach (Abdal, Retief, and Jamison), 213
Arthrotomography, correlation of condylar mobility and, in patients with internal derangements of temporomandibular joint (Katzberg et al.), 622

B

Bacteroides melaninogenicus and dental infections: some questions and some answers (Griffee et al.), 486
Bimetallic couples composed of amalgam and gold implanted in rat tibias, osseous reactions to (Austin et al.), 79
Biomaterials, NIH Consensus Development Conference on Clinical Applications of, 368, 490 (Announcements)
Blastomycosis, localized oral, mimicking actinomycosis (Rose and Gingrass), 12
Bleeding, oral, in patients with hepatocellular disease, modern approach to prevention and treatment (Galili et al.), 277
Bone scanning in "Middle East" jaw lymphoma (Kummoona and Al-Hetie), 473
  screws, comparative study of wire osteosynthesis versus, in treatment of mandibular prognathism (Paulus and Steinhauser), 2
Burn, oral electrical, modified retention splint for, in 1-year-old child (Graubard, Gold, and Henkel), 385

C

Calcific metamorphosis (Smith), 441
Calcium hydroxide and zinc oxide and eugenol pulpectomies, comparison of, in primary teeth of dogs (Hendry et al.), 445
  effect of three vehicles on pH of (Anthony, Gordon, and del Rio), 560
  method of endodontic sealing (Manhart), 219
Camphorated parachlorophenol; effect of three vehicles on pH of calcium hydroxide (Anthony, Gordon, and del Rio), 560
Canadian Association of Oral and Maxillofacial Surgeons, 256, 368, 490 (Announcements)
Canals, mandibular nutrient, radiographic study of (Kishi et al.), 118
Cancer of palate, intraoral hemimaxillectomy for treatment of (Mazzarella and Friedlander), 157
Canine, ectopic mandibular, 255 (Roentgeno-oddities)

July, pp. 1-140; August, pp. 141-256; September, pp. 257-368; October, pp. 369-490; November, pp. 491-606; December, pp. 607-714.

Capping of exposed pulps with Cavit-W or Nimeticap (Wijnberg-en-Buijem van Weelderen, van Mullem, and Wolters-Lutgerhorst), 318
Carbon-coated subperiosteal implants, two cases of incompatibility to (Hess, Molinari, and Mentag), 499
Carbon-14-labeled formocresol and glutaraldehyde, diffusion of, in tooth structures (Wemes et al.), 341
Carcinogenesis, hamster buccal pouch, vitamin E inhibition of (Weerapradist and Shklar), 304
two-phase, in hamster buccal pouch (Odukoya and Shklar), 547
Carcinoma, primary intraosseous, of jaws (Elzay), 299
verrucous, of oral cavity (Bohmfalk and Zallen), 15
Cartilage, articular, chondroblastoma of temporomandibular joint arising from (Spahr et al.), 430
Cavit, histologic evaluation of periodontal tissues adjacent to root perforations filled with (Jew et al.), 124
Cavit-W, capping of exposed pulps with, or Nimeticap (Wijnberg-en-Buijem van Weelderen, van Mullem, and Wolters-Lutgerhorst), 318
Cemental dysplasia, autosomal dominant (Sedano, Kuba, and Gorlin), 642
Cheilitis granulomatosa, Melkersson-Rosenthal syndrome and (Worsaae et al.), 404
Cheiloplasty using Michel clips (Milles, Gold, and Berger), 154
Chondroblastoma of temporomandibular joint arising from articular cartilage (Spahr et al.), 430
Chondrosarcoma, mesenchymal, of jaws (Christensen), 197
Cleidocranial dysostosis, multiple impacted teeth in, 604 (Roentgeno-oddities)
Condylar fractures of mandible, demonstration of, by computed tomography (Horowitz, Abrahami, and Mintz), 263
mobility and arthrotomography, correlation of, in patients with internal derangements of temporomandibular joint (Katzberg et al.), 622
Condylomata acuminatum of oral cavity (Choukas and Toto), 480
Contrast, evaluation of, in duplicated radiographs (Thunthy and Weinberg), 691
radiographic, toward better understanding of (Webber), 466
Corticosteroid medications, management of dental patient receiving (Kalkwarf, Hinrichs, and Shaw), 396
Craniofacial pain, chronic, practical differential diagnosis of (Fricton and Kroening), 628
Cresatin; effect of three vehicles on pH of calcium hydroxide (Anthony, Gordon, and del Rio), 560
Crown, deciduous molar, retention of, after early loss of mandibular permanent molar, 479 (Roentgeno-oddities)
Cyanoacrylate; modern approach to prevention and treatment of oral bleeding in patients with hepatocellular disease (Galili et al.), 277
Cystadenoma lymphomatosum (Warthin's tumor), identification of, with ^{99m}Tc (Asai et al.), 601
Cysts and tumors, keratinizing odontogenic, variations in (Anneroth and Hansen), 530
bilateral dentigerous, of mandible, 367 (Roentgeno-oddities)
lymphoepithelial, and associated immunoglobulins (Toto, Wortel, and Joseph), 59

D

Dens in dente, multiple, in dentition, 478 (Roentgeno-oddities)
Dental films of Groups D and E, sensitometric comparison of (Thunthy and Weinberg), 250
infections, *Bacteroides melaninogenicus* and (Griffee et al.), 486
patient receiving corticosteroid medications, management of (Kalkwarf, Hinrichs, and Shaw), 396
pulp, bovine, effect of formocresol and glutaraldehyde on certain enzymes in (Cunningham, Lazzari, and Ranly), 100
Dental—Cont'd
radiography with intraoral films, optimum circular field size for (van Straaten and van Aken), 347
radiology, 107, 242, 347, 466, 591, 691
resorptions, ^{224}Ra-induced (Reichart), 281
xeroradiography, time-delay image degradation with (Gratt, Kashima, and Sickles), 696
Dentine, secondary, regular and irregular, rate of formation of, in monkey teeth (Wennberg, Mjör, and Heide), 232
Dentition, primary, management of, in vitamin D-resistant rickets (Rakocz, Keating and Johnson), 166
Dentofacial deformities, indications for simultaneous mobilization of maxilla and mandible for correction of (Epker, Turvey, and Fish), 369
results of simultaneous mobilization of maxilla and mandible for correction of (LaBanc, Turvey, and Epker), 607
surgical-orthodontic treatment planning for simultaneous mobilization of maxilla and mandible in correction of (Turvey et al.), 491
Denture stomatitis, granular type (Reichart and Althoff), 66
Dentures, removable partial, influence of cigarette, pipe, and cigar smoking, age, and, on oral leukoplakia (Baric et al.), 424
Dermatitis herpetiformis: IgA deposits in gingiva, buccal mucosa, and skin (Nisengard et al.), 22
Diagnosis; comparison of panoramic and intraoral radiographic surveys in evaluating dental clinic population (Muhammed and Manson-Hing), 108
endodontic, intraligamentary anesthesia as aid in (Simon et al.), 77
practical differential, of chronic craniofacial pain (Fricton and Kroening), 628
Diagnostic imaging, current modes of: parotid masses (Del Balso, Williams, and Tane), 360
Drug reactions, multiple lichenoid, in patient with Ferguson-Smith disease (Wiesenfeld, Scully, and MacFadyen), 527
Dysplasia, autosomal dominant cemental (Sedano, Kuba, and Gorlin), 642
fibrous, of mandible, unusual complication possibly arising from surgical recontouring of (Zielinski et al.), 136

E

Ectopic mandibular canine, 255 (Roentgeno-oddities)
Electrosurgery, effects of, on dog pulps under cervical metallic restorations (Krejci et al.), 575
involving based and unbased cervical amalgam restorations, pulpal effects of (Spangberg et al.), 678
Enamel resorption on ten embedded teeth, 603 (Roentgeno-oddities)
Endocarditis, infective, and mitral valve prolapse—unsuspected risk (Brackett), 273
Endodontic diagnosis, intraligamentary anesthesia as aid in (Simon et al.), 77
failures; nonsurgical approach to re-treatment (Solomon et al.), 104
perforations, management of (Martin, Gilbert, and Dickerson), 668
sealing, calcium hydroxide method of (Manhart), 219
treatment, histologic evaluation of effect of formocresol and glutaraldehyde on periapical tissues after (Wemes et al.), 329
Endodontics, 73, 213, 318, 436, 560, 668
surgical, flap design for (Vreeland and Tidwell), 461
Endosonic and conventional root canal therapy, evaluation of postoperative pain incidence following (Martin and Cunningham), 74
and hand root canal therapy, comparison of antimicrobial effectiveness of (Cunningham et al.), 238

Enzymes, effect of formocresol and glutaraldehyde on certain, in bovine dental pulp (Cunningham, Lazzari, and Ranly), 100
Extrusion, root, simplified esthetic techniques (Lemon), 93

F

Ferguson-Smith disease, multiple lichenoid drug reactions in patient with (Wiesenfeld, Scully, and MacFadyen), 527
Fibroma, peripheral odontogenic (Gardner), 40
Fibrosis, submucous, surgical treatment of (Yen), 269
Fibrous dysplasia of mandible, unusual complication possibly arising from surgical recontouring of (Zielienski et al.), 136
Filling techniques, retrograde, comparison of marginal leakage of (Kaplan et al.), 583
Films, dental, of Groups D and E, sensitometric comparison of (Thunthy and Weinberg), 250
  intraoral, optimum circular field size for dental radiography with (van Straaten and van Aken), 347
  x-ray; old/new idea for reducing exposure to x-rays (Colquitt and Richards), 597
Flap design for surgical endodontics (Vreeland and Tidwell), 461
Food allergens and basophil histamine release in recurrent aphthous stomatitis (Wray, Vlagopoulos, and Siraganian), 388
Foreign body in nasal cavity, 254 (Roentgeno-oddities)
  unusual, 366 (Roentgeno-oddities)
  material, significance of presence periapically, as cause of failure of root treatment (Yusuf), 566
Formocresol and glutaraldehyde, ^{14}C-labeled, diffusion of, in tooth structures (Wemes et al.), 341
  effect of, on certain enzymes in bovine dental pulp (Cunningham, Lazzari, and Ranly), 100
  histologic evaluation of effect of, on periapical tissues after endodontic treatment (Wemes et al.), 329
Fractures, condylar, of mandible, demonstration of, by computed tomography (Horowitz, Abrahami, and Mintz), 263

G

Gemination, bilateral, 605 (Roentgeno-oddities)
Glutaraldehyde and formocresol, ^{14}C-labeled, diffusion of, in tooth structures (Wemes et al.), 341
  effect of, on certain enzymes in bovine dental pulp (Cunningham, Lazzari, and Ranley), 100
  histologic evaluation of effect of, on periapical tissues after endodontic treatment (Wemes et al.), 329
Gold and amalgam, osseous reactions to bimetallic couples composed of, implanted in rat tibias (Austin et al.), 79

H

Halitosis: etiologic classification, treatment approach, and prevention (Lu), 521
Hamster buccal pouch, two-phase carcinogenesis in (Odukoya and Shklar), 547
Hemimaxillectomy, intraoral, for treatment of cancer of palate (Mazzarella and Friedlander), 157
Hepatocellular disease, modern approach to prevention and treatment of oral bleeding in patients with (Galili et al.), 277
Histamine, basophil, release, food allergens and, in recurrent aphthous stomatitis (Wray, Vlagopoulos, and Siraganian), 388
Histiocytosis, malignant (histiocytic medullary reticulosis), oral manifestations of (Cannon, Cooley, and Gonzalez-Crussi), 180
Hyalinosis cutis et mucosae (Finkelstein, Hammond, and Jones), 49
Hypophosphatemia, familial; management of primary dentition in vitamin D-resistant rickets (Rakocz, Keating, and Johnson), 166

I

IgA deposits in gingiva, buccal mucosa, and skin: dermatitis herpetiformis (Nisengard et al.), 22
Image degradation, time-delay, with dental xeroradiography (Gratt, Kashima, and Sickles), 696
Immune response, cell-mediated, to dog pulp tissue altered by Proco-Sol via root canal (Block et al.), 225
Immunofluorescence, immunoperoxidase technique alternative to, in diagnosis of oral pemphigus vulgaris (Handlers et al.), 207
Immunoglobulins, lymphoepithelial cysts and associated (Toto, Wortel, and Joseph), 59
Immunoperoxidase staining of routinely fixed and processed tissue: plasma cell lesions within oral cavity (Matthews and Basu), 414
  technique in diagnosis of oral pemphigus vulgaris: alternative method to immunofluorescence (Handlers et al.), 207
Implants, carbon-coated subperiosteal, two cases of incompatibility to (Hess, Molinari, and Mentag), 499
  polytetrafluorethylene, response of periodontal tissues of beagle dog to (Nalbandian and Helldén), 452
Incisors, maxillary, gold chain found between, 701 (Roentgeno-oddities)
Infections, dental, *Bacteroides melaninogenicus* and (Griffee et al.), 486
Intra-articular meniscus dysfunction surgery (Mercuri, Campbell, and Shamaskin), 613
Intraoral vertical ramus osteotomy, overcorrection and relapse after (Greebe and Tuinzing), 382
Intraosseous carcinoma, primary, of jaws (Elzay), 299
Irrigant, endodontic, effect of alcohol on spreading ability of sodium hypochlorite (Cunningham, Cole, and Balekjian), 333
Irrigation, clinical, methods, effectiveness of four, on removal of root canal debris (Abou-Rass and Piccinino), 323

J

Jaws, mesenchymal chondrosarcoma of (Christensen), 197
  primary intraosseous carcinoma of (Elzay), 299

K

Keratinizing odontogenic cysts and tumors, variations in (Anneroth and Hansen), 530
Keratoacanthoma, intraoral and labial (Eversole, Leider, and Alexander), 663
Kirschner wire stabilization of horizontal ostectomy of inferior border of mandible (Turvey, Childers, and Nunn), 513

L

Leakage, marginal, of retrograde techniques, comparison of (Kaplan et al.), 583
Leiomyosarcoma of maxilla (Kratochvil et al.), 647
Leukemia, acute myeloblastic, with oral manifestations (Bressman et al.), 401
  mucormycosis in (Rosenberg and Lepley), 26
Leukoplakia, oral, influence of cigarette, pipe, and cigar smoking, removable partial dentures, and age on (Baric et al.), 424
Levamisole and prednisone in treatment of pemphigus vulgaris (Lozada, Silverman, and Cram), 161

Lichen planus, oral; autoradiographic studies of (Hyman et al.), 172
Lichenoid drug reactions, multiple, in patient with Ferguson-Smith disease (Wiesenfeld, Scully, and MacFadyen), 527
Lip, enlarged lower; cheiloplasty using Michel clips (Milles, Gold, and Berger), 154
intraoral and labial keratoacanthoma (Eversole, Leider, and Alexander), 663
Lump in throat, 253 (Roentgeno-oddities)
Lupus erythematosus, systemic, histologic and sialochemical findings indicating sicca syndrome in patients with (Jonsson, Bratthall, and Nybørg), 635
Lymphoepithelial cysts and associated immunoglobulins (Toto, Wortel, and Joseph), 59
Lymphoma, "Middle East" jaw, skeletal bone scanning in (Kummoona and Al-Hetie), 473

M

Mandible bilateral dentigerous cysts of, 367 (Roentgeno-oddities)
condylar fractures of, demonstration of, by computed tomography (Horowitz, Abrahami, and Mintz), 263
diffuse sclerosing osteomyelitis (DSO) of, bacteriologic and serologic investigation in (Jacobsson, Dahlén, and Möller), 506
horizontal ostectomy of inferior border of, Kirschner wire stabilization (Turvey, Childers, and Nunn), 513
unusual complication possibly arising from surgical recontouring of fibrous dysplasia of (Zielinski et al.), 136
Mandibular anesthesia, anatomy of (Coleman and Smith), 148
nutrient canals, radiographic study of (Kishi et al.), 118
prognathism (Whinery), 7
comparative study of wire osteosynthesis versus bone screws in treatment of (Paulus and Steinhauser), 2
vestibuloplasty: clinical update (Samit and Popowich), 141
Maxilla and mandible, simultaneous mobilization of, for correction of dentofacial deformities, indications for, (Epker, Turvey, and Fish), 369
results following (LaBanc, Turvey, and Epker), 607
surgical-orthodontic treatment planning for (Turvey et al.), 491
leiomyosarcoma of (Kratochvil et al.), 647
Melkersson-Rosenthal syndrome and cheilitis granulomatosa (Worsaae et al.), 404
Meniscus dysfunction surgery, intra-articular (Mercuri, Campbell, and Shamaskin), 613
Mesenchymal chondrosarcoma of jaws (Christensen), 197
Michel clips, cheiloplasty using (Milles, Gold, and Berger), 154
Mitral valve prolapse, infective endocarditis and (Brackett), 273
Molar, deciduous, retention of crown after early loss of mandibular permanent molar, 479 (Roentgeno-oddities)
maxillary, intentional replantation of (Kaufman), 686
Mucormycosis in leukemia (Rosenberg and Lepley), 26

N

Nasal cavity, foreign body in, 254 (Roentgeno-oddities)
National Institutes of Health Consensus Development Conference: clinical applications of biomaterials, 368, 490 (Announcements)
Nimeticap, capping of exposed pulps with Cavit-W or (Wijnbergen-Buijem van Weelderen, van Mullem, and Wolters-Lutgerhorst), 318
Nonsurgical approach to re-treatment (Solomon et al.), 104
Northeastern Society of Periodontists, Inc., 368, 490 (Announcements)
Nutrient canals, mandibular, radiographic study of (Kishi et al.), 118

O

Odontogenic fibroma, peripheral (Gardner), 40
tumor, squamous (Goldblatt, Brannon, and Ellis), 187
Odor, mouth; halitosis (Lu), 521
Oral bleeding in patients with hepatocellular disease, modern approach to prevention and treatment (Galili et al.), 277
cavity, condylomata acuminatum of (Choukas and Toto), 480
electrical burn in 1-year-old child, modified retention splint for (Gaubard, Gold, and Henkel), 385
leukoplakia, influence of cigarette, pipe, and cigar smoking, removable partial dentures, and age on (Baric et al.), 424
lichen planus, autoradiographic studies of (Hyman et al.), 172
manifestations, acute myeloblastic leukemia with (Bressman et al.), 401
of malignant histiocytosis (histiocytic medullary reticulosis) (Cannon, Cooley, and Gonzalez-Crussi), 180
Oral medicine, 21, 161, 273, 388, 517, 628
mucous membrane; intraoral and labial keratoacanthoma (Eversole, Leider, and Alexander), 663
Oral pathology, 39, 180, 285, 404, 530, 642
pemphigus vulgaris, immunoperoxidase technique in diagnosis of (Handlers et al.), 207
surgery, 1, 141, 257, 369, 491, 607
tissues, plasma cell lesions within: immunoperoxidase staining of routinely fixed and processed tissue (Matthews and Basu), 414
Orthodontic-surgical treatment planning for simultaneous mobilization of maxilla and mandible in correction of dentofacial deformities (Turvey et al.), 491
Osseous reactions to bimetallic couples composed of amalgam and gold implanted in rat tibias (Austin et al.), 79
Ostectomy, horizontal, of inferior border of mandible, Kirschner wire stabilization (Turvey, Childers, and Nunn), 513
Osteoblastoma, comparison of gnathic and extragnathic (Smith et al.), 285
Osteomyelitis, diffuse sclerosing (DSO), of mandible, bacteriologic and serologic investigation in (Jacobsson, Dahlén, and Möller), 506
Osteosynthesis, wire, versus bone screws in treatment of mandibular prognathism, comparative study of (Paulus and Steinhauser), 2
Osteotomy, intraoral vertical ramus, overcorrection and relapse after (Greebe and Tuinzing), 382

P

Pain, chronic craniofacial, practical differential diagnosis of (Fricton and Kroening), 628
postoperative, incidence following endosonic and conventional root canal therapy, evaluation of (Martin and Cunningham), 74
sinus, responsive to Tegretol (Mock et al.), 640
Palate, cancer of, intraoral hemimaxillectomy for treatment of (Mazzarella and Friedlander), 157
Panoramic x-ray machines, study of zone of sharpness of three, and effect of screen speed on sharpness zone (Hassen and Manson-Hing), 242
Papilloma, benign; condylomata acuminatum of oral cavity (Choukas and Toto), 480
Parotid masses: current modes of diagnostic imaging (Del Balso, Williams, and Tane), 360
Pemphigoid, bullous, cicatricial pemphigoid, and pemphigus vulgaris (Laskaris, Sklavounou, and Stratigos), 656
Pemphigus vulgaris (Lozada, Silverman, and Cram), 161
bullous pemphigoid, cicatricial pemphigoid, and (Laskaris, Sklavounou, and Stratigos), 656

Pemphigus vulgaris—Cont'd
oral, immunoperoxidase technique in diagnosis of (Handlers et al.), 207
Perforations, endodontic, management of (Martin, Gilbert, and Dickerson), 668
root, filled with Cavit, histologic evaluation of periodontal tissues adjacent to (Jew et al.), 124
Periapical actinomycosis (Weir and Buck), 336
tissues, histologic evaluation of effect of formocresol and glutaraldehyde on, after endodontic treatment (Wemes et al.), 329
significance of presence of foreign material in, as cause of failure of root treatment (Yusuf), 566
Periodontal pulpal therapy, long-term, histologic and clinical assessment of (Hiatt), 436
tissues adjacent to root perforations filled with Cavit, histologic evaluation of (Jew et al.), 124
of beagle dog, response to polytetrafluorethylene implants (Nalbandian and Helldén), 452
Peripheral odontogenic fibroma (Gardner), 40
Plasma cell lesions within oral tissues: immunoperoxidase staining of routinely fixed and processed tissue (Matthews and Basu), 414
Plastic surgery, reconstructive, course in, 702
Polytetrafluorethylene implants, response of periodontal tissues of beagle dog to (Nalbandian and Helldén), 452
Preauricular access, modified, to temporomandibular apparatus (Popowich and Crane), 257
Prednisone and levamisole in treatment of pemphigus vulgaris (Lozada, Silverman, and Cram), 161
Proco-Sol, cell-mediated immune response to dog pulp tissue altered by, via root canal (Block et al.), 225
Prognathism, mandibular (Whinery), 7
comparative study of wire osteosynthesis versus bone screws in treatment of (Paulus and Steinhauser), 2
Pulps, dog, under cervical metallic restorations, effects of electrosurgery on (Krejci et al.), 575
exposed, capping of, with Cavit-W or Nimeticap (Wijnbergen-Buijem van Weelderen, van Mullem, and Wolters-Lutgerhorst), 318
obliteration due to trauma; calcific metamorphosis (Smith), 441
Pulpal effects of electrosurgery involving based and unbased cervical amalgam restorations (Spangberg et al.), 678
-periodontal therapy, long-term, histologic and clinical assessment of (Hiatt), 436
Pulpectomies, calcium hydroxide and zinc oxide and eugenol, comparison of, in primary teeth of dogs (Hendry et al.), 445
zinc oxide-eugenol; management of primary dentition in vitamin D-resistant rickets (Rakocz, Keating, and Johnson), 166

R

^{224}Ra-induced dental resorptions (Reichart), 281
Radiographic contrast, evaluation of, in duplicated radiographs (Thunthy and Weinberg), 691
toward better understanding of (Webber), 466
surveys, panoramic and intraoral, comparison of, in evaluating dental clinic population (Muhammed and Manson-Hing), 108
Radiography, dental, with intraoral films, optimum circular field size for (van Straaten and van Aken), 347
intraoral, investigation of potential applications of intensifying screens in (Stephens, Kogon, and Reid), 591
Replantation, intentional, of maxillary molar (Kaufman), 686
Resorption, enamel, on ten embedded teeth, 603 (Roentgeno-oddities)
^{224}Ra-induced dental (Reichart), 281
root (Goultschin, Nitzan, and Azaz), 586
Restorations, based and unbased cervical amalgam, pulpal effects of electrosurgery involving (Spangberg et al.), 678
cervical metallic, effects of electrosurgery on dog pulps under (Krejci et al.), 575
Retention splint, modified, for oral electrical burn in 1-year-old child (Graubard, Gold, and Henkel), 385
Reticulosis, histiocytic medullary (malignant histiocytosis), oral manifestations of (Cannon, Cooley, and Gonzalez-Crussi), 180
Re-treatment, nonsurgical approach to (Solomon et al.), 104
Retrograde techniques, comparison of marginal leakage of (Kaplan et al.), 583
Retrosurgical approach, apical seal via (Abdal, Retief, and Jamison), 213
Rickets, vitamin D-resistant, management of primary dentition in (Rakocz, Keating, and Johnson), 166
Roentgeno-oddities, 253, 365, 477, 603, 701
Root canal, cell-mediated immune response to dog pulp tissue altered by Proco-Sol via (Block et al.), 225
debris, effectiveness of four clinical irrigation methods on removal of (Abou-Rass and Piccinino), 323
obturants; comparison of calcium hydroxide and zinc oxide and eugenol pulpectomies in primary teeth of dogs (Hendry et al.), 445
patient-induced blockage of (Zillich and Pickens), 689
therapy, endosonic and conventional, evaluation of postoperative pain incidence following (Martin and Cunningham), 74
and hand, comparison of antimicrobial effectiveness of (Cunningham et al.), 238
treatment, significance of presence of foreign material periapically as cause of failure of (Yusuf), 566
extrusion techniques, simplified esthetic (Lemon), 93
perforations filled with Cavit, histologic evaluation of periodontal tissues adjacent to (Jew et al.), 124
resorption (Goultschin, Nitzan, and Azaz), 586
teeth with short, thin, dilacerated, in patients with short stature (Witkop and Jaspers), 553

S

Saline solution; effect of three vehicles on pH of calcium hydroxide (Anthony, Gordon, and del Rio), 560
Screens, intensifying, in intraoral radiography, investigation of potential applications of (Stephens, Kogon, and Reid), 591
Seal, apical, via retrosurgical approach (Abdal, Retief, and Jamison), 213
Sealing, endodontic, calcium hydroxide method of (Manhart), 219
Sensitometric comparison of dental films of Groups D and E (Thunthy and Weinberg), 250
Serum vitamin B_{12}, folate, and iron levels in recurrent aphthous ulceration (Olson et al.), 157
Short stature, teeth with short, thin, dilacerated roots in patients with (Witkop and Jaspers), 553
Sicca syndrome, histologic and sialochemical findings indicating, in patients with systemic lupus erythematosus (Jonsson, Bratthall, and Nybørg), 635
Sinus pain responsive to Tegretol (Mock et al.), 640
Skeletal bone scanning in "Middle East" jaw lymphoma (Kummoona and Al-Hetie), 473
Skin graft mandibuloplasty, mandibular, ten modifications of traditional; mandibular vestibuloplasty (Samit and Popowich), 141
Smoking, cigarette, pipe, and cigar, removable partial dentures, and age, influence of, on oral leukoplakia (Baric et al.), 424
Society for Biomaterials, 606, 702 (Announcements)

Sodium hypochlorite endodontic irrigant, effect of alcohol on spreading ability of (Cunningham, Cole, and Balekjian), 333
Splint, modified retention, for oral electrical burn in 1-year-old child (Graubard, Gold, and Henkel), 385
Stomatitis, denture, granular type (Reichart and Althoff), 66
recurrent aphthous, effects of suspected foodstuff challenging agents in etiology of (Eversole, Shopper, and Chambers), 33
food allergens and basophil histamine release in (Wray, Vlagopoulos, and Siraganian), 388
Subperiosteal implants, carbon-coated, two cases of incompatibility to (Hess, Molinari, and Mentag), 499
Supernumerary tooth artifact on panoramic radiograph, 477 (Roentgeno-oddities)
Surgery, intra-articular meniscus dysfunction (Mercuri, Campbell, and Shamaskin), 613
Surgical endodontics, flap design for (Vreeland and Tidwell), 461
-orthodontic treatment planning for simultaneous mobilization of maxilla and mandible in correction of dentofacial deformities (Turvey et al.), 491
recontouring of fibrous dysplasia of mandible, unusual complication possibly arising from (Zielinski et al.), 136
treatment of submucous fibrosis (Yen), 269

T

^{99m}Tc-pertechnetate, identification of Warthin's tumor with (Asai et al.), 601
TC-99m pyrophosphate; skeletal bone scanning in "Middle East" jaw lymphoma (Kummoona and Al-Hetie), 473
Teeth, embedded, enamel resorption on ten, 603 (Roentgeno-oddities)
multiple impacted, in cleidocranial dysostosis, 604 (Roentgeno-oddities)
supernumerary; bilateral gemination, 605 (Roentgeno-oddities)
transposed, 365 (Roentgeno-oddities)
with short, thin, dilacerated roots in patients with short stature (Witkop and Jaspers), 553
Tegretol, sinus pain responsive to (Mock et al.), 640
Temporomandibular apparatus, modified preauricular access to (Popowich and Crane), 257
joint, chondroblastoma of, arising from articular cartilage (Spahr et al.), 430
correlation of condylar mobility and arthrotomography in patients with internal derangements of (Katzberg et al.), 622
disorders; intra-articular meniscus dysfunction surgery (Mercuri, Campbell, and Shamaskin), 613
Thorium; ^{224}Ra-induced dental resorptions (Reichart), 281
Throat, lump in, 253 (Roentgeno-oddities)
Time-delay image degradation with dental xeroradiography (Gratt, Kashima, and Sickles), 696
Tobacco; influence of cigarette, pipe, and cigar smoking, removable partial dentures, and age on oral leukoplakia (Baric et al.), 424
Tomography, computed, demonstration of condylar fractures of mandible by (Horowitz, Abrahami, and Mintz), 263
parotid masses: current modes of diagnostic imaging (Del Balso, Williams, and Tane), 360
Tooth structures, diffusion of carbon-14-labeled formocresol and glutaraldehyde in (Wemes et al.), 341
supernumerary, artifact on panoramic radiograph, 477 (Roentgeno-oddities)
Trauma, pulp obliteration due to; calcific metamorphosis (Smith), 441
Treatment planning, surgical-orthodontic, for simultaneous mobilization of maxilla and mandible in correction of dentofacial deformities (Turvey et al.), 491
Tumors, keratinizing odontogenic cysts and, variations in (Anneroth and Hansen), 530
squamous odontogenic (Goldblatt, Brannon, and Ellis), 187
Warthin's, identification of, with ^{99m}Tc (Asai et al.), 601

U

Ulceration, recurrent aphthous, serum vitamin B_{12}, folate, and iron levels in (Olson et al.), 157
University of Texas Health Science Center at San Antonio, 368, 490 (Announcements)

V

Verrucous carcinoma of oral cavity (Bohmfalk and Zallen), 15
Vertical ramus osteotomy, intraoral, overcorrection and relapse after (Greebe and Tuinzing), 382
Vestibuloplasty, mandibular: clinical update (Samit and Popowich), 141
Vitamin E inhibition of hamster buccal pouch carcinogenesis (Weerapradist and Shklar), 304

W

Warthin's tumor, identification of, with ^{99m}Tc (Asai et al.), 601
Western Society of Teachers of Oral Pathology, 256, 368, 490 (Announcements)
Wire, Kirschner, stabilization of horizontal ostectomy of inferior border of mandible (Turvey, Childers, and Nunn), 513
osteosynthesis versus bone screws in treatment of mandibular prognathism (Paulus and Steinhauser), 2

X

Xeroradiography, dental, time-delay image degradation with (Gratt, Kashima, and Sickles), 696
Xerostomia; histologic and sialochemical findings indicating sicca syndrome in patients with systemic lupus erythematosus (Jonsson, Bratthall, and Nybørg), 635
X-ray machines, panoramic, study of zone of sharpness of three, and effect of screen speed on sharpness zone (Hassen and Manson-Hing), 242
X-rays, old/new idea for reducing exposure to (Colquitt and Richards), 597

Z

Zinc oxide and eugenol and calcium hydroxide pulpectomies, comparison of, in primary teeth of dogs (Hendry et al.), 445
management of primary dentition in vitamin D-resistant rickets (Rakocz, Keating, and Johnson), 166
